

Recording Spy Keyfob Camera with Wide Angle Lens and Audio (Model: CVR600)

The Smart Witness Recording Spy Camera keyfob looks like a car alarm or similar keyfob, but has a hidden colour camera, microphone and recorder built inside it. The camera is ideal for filming covertly in all types of situations, from store detectives, recording meetings to recording theft at work.

The camera is battery powered, which is rechargeable for up to 2 hours continuous use and takes standard Micro SD cards of up to 8GB in memory. Additionally, it takes high quality still snapshots and has a wide angle range of 90°.

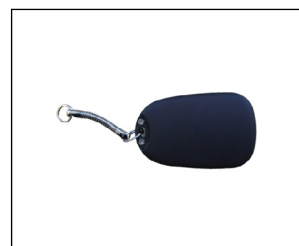

The image quality of the camera is superb with a video resolution of 720 x 480 pixels. Recordings can be easily transferred to a PC or Mac via USB (supplied), and then emailed or copied to CD/DVD.
