

Model: IQR4D

Professional 4 Camera D1 DVR with USB Back Up, Networking, 3G Mobile Phone Viewing, IR Remote Control & USB Mouse Support

DVR - Front

DVR- Back

The IQR4D is the latest DVR from IQCCTV and offers an excellent feature set with both BNC and High Definition (HD) VGA outputs which can connect directly to a variety of monitors and offers up to 1280x1024 resolution output.

It offers Real Time 24/7 recording in Full D1 (704x576) resolution and audio on every camera. Backing up is quick and easy with the built in USB port which can be connected to a USB Hard Drive or USB Memory Stick.

The IQR4D also offers excellent Dual Stream internet and network connectivity. Live viewing from Android, Blackberry, iOS (iPhone/iPad), Nokia (Symbian) and Windows mobile phones is standard. The DVR can also be viewed from a Windows PC or Mac, which allows viewing of multiple DVRs and playback and backing up of recordings too.

For easy control and setup, the DVR features an On Screen Display (GUI) and can be controlled by the Front Panel buttons, Remote Control or Mouse (both are supplied as standard).
