

HD 960H

Model: IQR960D4

960H DVR with HDMI Output, Real Time 960H Recording and Mobile/Internet Access

DVR - Front

DVR - Rear

The IQR960D4 4 channel DVR is the latest from IQCCCTV and offers High Definition 960H real time recording. The DVR presents great value for money and has both VGA and HDMI outputs.

The model has multiple alarm record modes, supporting HDD and video input alarm management. Backing up files is quick and easy with the built-in USB port.

The IQR960D4 provides recording in HD 960H, WD1, WHD1 and WCIF in real time and supports PTZ camera operation through RS-485.

For easy control and setup, the DVR features an On Screen Display (GUI) and can be controlled by the new touch panel function, Remote Control or Mouse (both are supplied as standard).

Features

The IQR960 DVR's are supplied ready to fit, just add compatible Cameras and a TV or Monitor for instant Higher Definition (HD) CCTV surveillance.

The IQR960D4 utilises the very latest 960H resolution recording technology to provide 33% higher definition images than standard CCTV DVR's, which are limited to D1 (720x576) resolution.

Plus, by connecting the IQR 960 DVR to the internet, you can access your CCTV system from compatible Smartphones, Tablets, Windows and Apple computers.

In addition to this, the IQR960D4 DVR features the following:

- H.264 Video Compression
- Supports the following recording resolutions: CIF, HD1, D1, HD960H, WCIF, WHD1 & WD1
- 4 Channel Video and 2 Channel Audio (Microphone Available Separately)
- HDMI, BNC and VGA Outputs
- Easy to Operate via USB Mouse, Touch Panel, Remote Control or Network
- Convenient Backup to USB Flash Driver or via Internet
- Smart Phone and Tablet Access via our free IQCMS App (Additional Setup Required)
- Remote / Network access from both PC and Mac (Additional Setup Required)
- Intelligent Motion Detection records only when cameras see movement and triggers instant Email Alerts with Snapshots
