

Professional 32 Camera D1 DVR with USB & DVD Back Up, HDMI Output, Networking, Internet Access, 3G Mobile Phone Viewing, IR Remote Control & USB Mouse Support (Model: X32D1H)

The X32D1H by Xvision is a Professional DVR with advanced features, USB Memory Stick and DVD back up.

Aimed at those looking for something more than just a standard 32 camera DVR, it records in Full D1 resolution, ensuring every pixel from the cameras connected to it will be recorded and offers advanced remote access features.

Blackberry, Nokia (Symbian) and Windows mobile phone users can view cameras live, in addition to this iOS (iPhone/iPad) and Android devices can play back recordings too.

The Dual Streaming H264 (HQ Profile) compression provides higher quality images than standard H264 DVRs and ensures that the remote viewing speed is super fast.

For easy control and setup, the DVR features an On Screen Display (GUI) and can be controlled by the front panel, Remote Control or Mouse (both are supplied as standard).

DVR - Front

DVR - Rear
