

Model: XC960SC

### Professional HD 960H Covert Snake Camera - Audio

The smallest Covert Camera in the world, measuring just 7mm in diameter, the XC960SC, or Snake camera for short, is designed to be hidden just about anywhere.

A small hole is all the camera needs to provide great colour images, it is small enough to see through holes in a wall, even through a keyhole!

It is designed for Indoor use only as supplied and features a good quality 3.6mm Wide Angle lens for a 78° viewing angle.

## Features

- Just 10x10mm with a pinhole cone lens that can see through a 2mm aperture, the camera can be
- Hidden just about anywhere
- Sony 960H CCD Sensor
