

Professional 600 TVL Speed Dome Camera with 27x Optical Zoom (Model: XSD27ZS)

Ideal for high end applications where coverage of large areas is needed, this professional speed dome has a very large 27x Optical Zoom.

The combination of Sony CCD module and Xvision Auto Focus Zoom lens offer stunning image quality and great performance even in low light applications. For use in complete darkness the camera is IR sensitive, allowing it to be used with additional IR lamps.

Supplied ready for wall mounting, a variety of optional mounting brackets are available for Pole, Ceiling or Corner mounting the camera. The built-in fan and heater allow the camera to be used inside or outside even in harsh weather conditions. Additionally the XSD27ZS is both Vandal and Tamper Resistant, and it's easy to see why it is such outstanding camera.
