

CVR600

Setting Time and Date

1. Insert the Micro SD card into CVR600, Connect the CVR600 to the computer using the USB cable provided.
2. Create a new TXT file in the root directory of the Micro SD card.
3. Change the name of the file to TAG.
4. Open the file and edit the time and date in the format shown below:

```
[date]  
2011/07/16  
15:55:11
```

Ensure that you copy this format exactly as upper case won't work. Then save the file.

5. When you finish the procedure unplug the CVR600, take a few snapshots or a small video. You will notice that the new time on the video and images when you view them back.
