

## Changing the Video Format of display images

Please follow the steps to change the B/W images to colour images when using Xvision PC based DVR Cards

### **Step 1:**

Click on the SETUP button (icon with two little screws). Enter your user name and password to access the menu.

### **Step 2:**

Click on CONTROL.

### **Step 3:**

Go to the top right hand corner of the screen to the VIDEO FORMAT drop down list

### **Step 4:**

Select **PAL B,D,G,H,I** then exit the Menu system. The images should now appear in colour.
